

Looking for a unique and educational experience? Try Nanaimo Canoe Kayak Club's school field trips. Open for grades 4+.

The Nanaimo Canoe and Kayak Club offers opportunities to learn and improve paddling skills, as well as increase water safety awareness. Participants can use recreational canoes and kayaks, as well as bigger boats like Voyageur Canoes and Dragon Boats, while developing teamwork and boating safety. It's a safe, fun, and educational way to give students (and teachers!) a break from the classroom.

Looking to create a memorable and fun year-end program that aligns with your classroom goals? Consider booking a single session to introduce your students to a local club and new sport activity, or schedule weekly sessions as part of your regular delivery of physical education and/or outdoor recreation. For more information, contact us by email at information@nckc.ca.

Cost: \$20.00/Student per session
\$15.00/Teacher or Guardian per session
